

My Business Vision in Words

Dear God:

Here is my business vision, this or something better, if it is your will for me:

I have clarity around my business. I know my expenses are covered, where my income is coming from and when. I feel that I'm not alone, HP is with me and has my back and I always have people I can talk to and consult with.

My customers, my contractors, my mentors and teachers are not my higher power and I conduct myself and our business in an honest, open and direct way.

I am free of fear and anxiety around my income, and the success of my business. I trust G-d completely to give me what is meant for me and whatever does not come my way is his will and I am at peace with that. I am not afraid to fail and I am not impulsive with my business decisions. I don't second guess my decisions because I trust G-d and therefore myself with his guidance. I conduct my business responsibly and calmly.

I am efficient with my time and disciplined in the use of it so that I can be of maximum service to my customers, myself, my family and those I care about.

I serve my customers from a mindset of abundance and am not afraid to receive abundance from them and from the universe at large, financial, spiritual, material and everything else that is G-d's will I receive. I see it and am grateful for it with no "buts".

I respect myself and my business, my professional needs and my personal needs while running my business and leave time for personal rest and development.

I am at a place of serenity and joy in running my business including the financial side.

If this is your will for me, God, please show me the right actions to take on the path toward it. If it is not your will, please redirect my thinking and actions to be the person you would have me be. Thank you, God.
