

Business Vision

Dear God:

Here is my business vision, this or something better, if it is your will for me:

I am a sought after Licensed Private Investigator, not only in New York but in different states on the East and West Coast. I handle cases mainly on the Plaintiff side for claims such as large building collapses, homicides and missing persons. I have a division of the business which offers Process Serving and we serve nationwide. I have a Manager in the East Coast and one in the West Coast who handles the day-to-day activities for me as well as several process servers scattered throughout the United States who are subcontractors. I also have an administrative team who I meet with weekly on zoom to discuss statuses on our cases as they are complex and need more than just my attention. These cases and who they represent need the utmost attention. I can work these cases because I have:

- Critical thinking using logic and reasoning.
- Strong intuition and analytical skills.
- Emotional detachment.
- Understanding of criminal minds and psychology.
- Active listening with the ability to understand what is and is not said.

In my spare time I enjoy tactical defense firearm training, studying crime scenes and learning other skills which can include wiretapping and bug sweeping.

I acknowledge my competitors but am not threatened by them. I am respected in the community of investigators throughout the United States.

I am networked with different organizations around the world which allow national coverage when necessary.

I have a few days off either on the weekend or during the week and do not wear my job like a badge of honor. I do not let my business get in the way of my personal life and remember that work is not first on my priority list.

My income is what you think it needs to be God. I ask you God to be in the numbers and show me how much I need and whatever is left I ask you to show me who I can help and how.

If this is your will for me, God, please show me the right actions to take on the path toward it. If it is not your will, please redirect my thinking and actions to be the person you would have me be. Thank you, God.
